

### **SUMMER STREET PAVING HEATS UP**

The 2015 street paving and street resurfacing program is starting to get underway and the city is anticipating work beginning the week of June 15 and continuing for approximately 10 to 12 weeks. The city intends to work on a total of 48 streets, which equates to more than eight (8) road miles of paving and resurfacing. The city anticipates paving work on Vermack Road and Vanderlyn Drive to begin next week. The complete list of streets being repaved and/or resurfaced is as follows:

<b>STREET</b>	<b>START POINT</b>	<b>END POINT</b>

<b><i>STREET</i></b>	<b><i>START POINT</i></b>	<b><i>END POINT</i></b>
<b>Perimeter Center West</b>	Ashford Dunwoody Road	Crown Pointe Parkway
<b>Peeler Road</b>	Tilly Mill Road	Winters Chapel Road

Additional roads from the city's supplemental list and from future years could be addressed based on available funds and construction schedules. In December 2013, a special pavement assessment and data collection vehicle equipped with lasers, computers and other equipment drove Dunwoody streets to collect pavement condition information. The truck gathered important data and measurements of overall roughness, rutting, cracking and general street condition to update the citywide pavement assessment. For more information about the assessment and future paving plans visit [www.dunwoodyga.gov/paving](http://www.dunwoodyga.gov/paving)
